

# MEMORY VERSE REVIEWS Primary

## JUMP INTO GOD'S WORD

*Materials:* Use a jump rope purchased from a “dollar store” for this game. Ropes are available in various colors, textures, sizes and lengths. Allow plenty of space; e.g., outdoors, auditorium or gym, to play “Jump into God’s Word.”

*Directions:* Before class print colorful “pop-up” messages on card stock, such as:

*God's Word is 100 % true!*

*God's Word is holy!*

*Learning God's Word is fun!*

*To play:* Have two children hold the game rope about 6" from the ground. Have children line up in back of each other. Call out “Let’s jump into God’s Word.”

The first child jumps over the rope and says the first word of their memory verse. The child behind him says the next word. Each child follows, jumping and saying the next word until the verse has been reviewed.

Tell the children to watch for a special “pop-up message.” Hold up a message at various times before they jump. If they see a message when it is their turn they must repeat the message in a loud voice then jump over the rope. Continue until the verse is completed; then give the command again. Review the verse several times.
