

Object Lessons

More Gospel at Your Fingertips

Use these 25 handy Gospel presentations for planned teaching sessions or to share the Gospel at a moment's notice. They're great for any children's ministry: Sunday school, children's church, VBS, camp, *Good News Club*®, Awana, personal witnessing, children's sermons, family times... wherever there are children who need the Lord! Scripture quoted is from the New International Version of the Bible.

Christian Belief Object Lessons#

A lump of clay, a small dinner roll, a history book and a bar of soap. What do these objects have in common? They can all be used to teach! This book features 14 lessons creatively using household items to share spiritual truths with children. You will be surprised at how simple objects can make your teaching come alive!

#Available only while supplies last.

Visual Supplies

Flannelboard

This handcrafted flannelboard is 27" x 36" and is constructed of masonite for extra durability. The board folds in half and has handles for easy carrying. Perfect for any lesson with flocked visuals!

Flocked Sheets

These four 17" x 22" flocked sheets can be used to create your own visuals. Write Bible verses or vocabulary words on them or use them to back pictures.

Tabletop Easel

This easel is constructed of quality masonite with a durable fabric hinge. It folds in half for ease in carrying and storing and will make using your flannelboard so convenient!

God Cares When Children Are Sad

These lessons teach children about God's love and care for them, especially as they face difficult situations in their lives. Based on Bible characters: The outcast accepted by God (Jephthah); the stranger welcomed (Ruth); clean in a dirty world (Samuel); learning to forgive others (Peter); despised by others, forgiven by God (Matthew).

The Church, God's Family

Not only do children need the Church; the Church needs children who know the Lord. Through these lessons you can teach the importance of attending Sunday school and church. There they can worship God, have fellowship and learn to serve.

5 Great Questions

Through this series of lessons, we want to communicate basic Bible doctrines to children who know little or nothing of the Word of God. The lessons deal with truths which all children need to learn: God's revelation, justification, assurance of salvation, God's purpose for our lives and the second coming of Christ.
