Training that Fits Your Schedule

CEF is excited to announce our new **FREE online training** platform! Designed to meet the busy lifestyles of those who minister to children, these seminars and courses provide biblical, practical instruction on a variety of topics.

Among our offerings are **two of our most popular training series**: The Wordless Book Training & Demo, and the Good News Club® (GNC™) Series. There are also presentations on Brain Research and Learning, and Reaching Those with Special Needs. Our online platform includes **CEF Curriculum Demonstrations**, which many have found extremely useful in presenting bible lessons to children.

Make the Most of Our Online Seminars!

These online seminars can be used effectively both by **individuals and groups**. Pastors and ministry leaders can organise lessons around these seminars to develop the skills of new and experienced teachers, rounding up with a discussion on how to apply the lessons learned

to their own church settings. Where available, notes (pdf format) can be downloaded and read before watching the presentation video.

It is our prayer that the LORD will enrich you through the training and bless the children whom you are teaching.

More on Our Online Training Seminars!

Wordless Book Training & Demo

Familiarise yourself with the truths of the message of salvation and learn how to present them using the Wordless Book.

The Wordless Book is available for purchase from our office. Please call 6276-1201.

Good News Club® (GNC™) Series

GNC is a CEF ministry in which trained teachers meet with groups of children each week to teach an exciting Bible lesson. This action-packed time also includes songs, scripture memory, a missions story and review games or other activities focused on the lesson's theme. In this training series, you can learn how to organise and teach a successful GNC.

If your church is interested in running a GNC, we can partner you to run a 3-Day Club to reach out to children during the school holidays. Call us at 6276-1201 for a discussion.

Brain Research and Learning

- Six Tips for Brain-Based Learning
- Make 'Em Laugh

Reaching Those with Special Needs

This presentation looks at some of the misconceptions regarding special needs children, and includes tips on how to work with them.

CEF Curriculum Demonstrations

If you are using the CEF curriculum to teach children, then these demonstrations will help you become familiar with the Bible lessons. As you watch these demonstrations to help you prepare to teach these lessons yourself, you will see how to weave the Gospel throughout a lesson. These demonstrations cover 'God: The Creator King', 'The Patriarchs', 'Life of Christ 1' and 'The Early Church'.

TCE testimonies

"TCE 1 is a great course for anyone working with children. I learnt many useful methods of presenting the Gospel through Bible stories and teaching memory verses. For me, the purpose of telling Bible stories is not the same anymore; now, I see that the intent should always be to present the Gospel within the story to the listener. The course has given me much more confidence in teaching the Bible to children."

Lay Hoe
East Asia School of Theology

"The course equips me with the skills and tools to tell the Gospel even to little children and lead them to Christ, without compromising on the Word of God. It also taught me how to apply the message of salvation throughout a Bible lesson to keep the attention of the children. Now I am serving as a teacher and a speaker in the junior worship and kindergarten department of my Church, applying what I have learnt."

Valerie Loh
Jurong Calvary B-P Church

"Even though I have been teaching in the Children's Ministry for many years, the course helped me in my presentation skills as I practised before the trainers and received feedback. I have also been reminded that we should always try to incorporate the Gospel message and invitation to salvation whenever there is a new child in a class. We never know whether the child will have a chance to hear the Good News again. I have learnt and benefitted much from the TCE 1 course and yes, I will be signing up for TCE 2 (Teaching Children Effectively – Level 2)."

Training that Makes a Difference

“Give me six hours to chop down a tree and I will spend the first four sharpening my axe.”

Meet the King

Now every child in Singapore can meet the King! Meet the King is a beautiful 16-page Gospel tool that is longer and of higher quality than a tract but easy for children to read and understand. Meet the King is the story of the Lord Jesus Christ — His birth, ministry on Earth, crucifixion, resurrection and ascension. The booklet ends with a clear explanation of how the reader can trust Jesus as his Savior and King. Also included is an opportunity for ongoing discipleship by enrolling in the Truth Chasers Club and by logging on to the CEF website for kids — <http://www.wonderzone.com>.

Churches are encouraged to order and distribute the booklets in their communities. Contact us at 6276-1201.
